

**RURAL FIRE BRIGADES ASSOCIATION
QUEENSLAND INC.** ABN. 37 417 474 709

President
Annual General Meeting Report
2020

Today at our AGM we welcome our newly elected representatives and forward our sincere thanks to those who have retired from the position.

The year to date has been full of disasters with major fires with many people losing their homes followed by the virus COVID19 Taking many lives and hardships within our communities.

The RFBAQ closed down our call centre and as we had the good fortune of being the recipient of some large donations we were able to continue our grant program and also build 6 with 2 to follow Landcruisers 2 heavy attacks also what's in the box plus joint ventures with RFS to provide Tablets to brigades.

At our special held last month Representatives agreed to a proposal on change to QFES to be sent to all political parties this has created quite a media storm.

The final outcome for legal status of brigades has just been completed with meetings in most regions.

In closing i thank both the staff and reps for all you goodwill and effort in a difficult time over the past year and look forward to working with you in to the future.
